

Data Science for Scientists

Introduction

Gianluca Campanella

17th July 2018

Hello!

My name is **Gianluca** [dʒanˈluːka]

What I do nowadays

I'm a Data Scientist at

Microsoft

in the **AI CAT** team

What I do nowadays

I also run my own company

Estimand.com

that provides

Data Science training and mentoring

Who's in the room?

Should you leave academia and
go work as a Data Scientist?

Yes

Thanks for your attention!
Questions?

*The shortage of data scientists is becoming
a serious constraint in some sectors.*

— T. H. Davenport and D. J. Patil
Harvard Business Review (2012)

Today I want to talk to you about...

1. What Data Science *actually* is
2. How to plan your career in Data Science
